Each participant will receive a packet including the final roster of all participants. We highly recommend using the roster to call or email your competitor to complete your match before the provided deadlines. It is your responsibility to make sure your match is completed (weekdays or weekends). The matches of each round are to be completed between dates assigned for each round

Matches NOT Completed within given Dates:

- We ask that before you sign up for the Match Play, you should check your schedule to make sure that you can commit to playing Weekdays and/or Weekends during the match weeks.
- Any matches that are not completed within the given date will be designated to a Coin Flip.
 - We cannot hold up the schedule as it is not fair for the other players in the field. If you finish your matches early, and your playing opponent has also moved on...you may schedule your match earlier than the dates assigned.
